Monday Night Football Square Fundraiser

- 17 Monday Night games ($50 to the winner) and halftime score ($50) & final score of Super Bowl ($100)

Every person that buys a square gets a number from 1-100 that they will use each week of the NFL season. The visitor score across the top of the grid and the home score on the side of the grid will change each week. The winner is determined by the last digit in each of the team's final score. For example, if the home team scores 27 points and the visiting team scores 14 points, the person who has the square that matches up with home 7 and visitor 4 wins for that week. So in the example below, whoever has square 97 would win.
